

OEA's STATEWIDE DAY OF ACTION

Monday, May 1, 2017

Join OEA in standing up for the Schools our Students Deserve as part of a national day of action at local school sites Monday, May 1, 2017.

This is a great opportunity for educators to organize at school sites and connect with their community to:

-  Welcome, protect, and defend all students, no matter their ethnicity, gender identity, and/or immigration status.
-  Provide a safe learning environment for all students regardless of where they were born, how they look, or who they love.
-  Invest in our future by fully funding public education.
-  Protect our public schools from privatization that drains resources from public school students.
